Public Records Request

Reference No	Records Requested	Public Records	Email Terms	Assigned Dept	Request Status	Create Date	Close Date	Customer Full Name
W004004-032020	Engineering Division Records	I visited the county's master plan on the website and got an overall feel for what you have in mind for the airport. I must say I was encouraged by the vision the County has for its airports. Is it possible to get some details on the current hangar that was built a few years ago at KINF? A set of plans or specifications would be good so I can accurately price a like-kind sister building. Building dimensions such as total building length, width, and height (including roof pitch). Along with individual hangar specifications including door size and operation (manufacturer would be great). The goal is to make them look like they were built together.		DPW: Engineering	Ready For Review	3/20/2020	3/20/2020	Mr. Bob Frear
